

New Frontiers for Lifelong Learning

Curriculum Committee Report

Monday, June 12, 2023

The Curriculum Committee has published the Summer Schedule of classes and events. Classes began on June 5, 2023 with on-campus, off-site, and online courses being offered. Two classes are being offered in partnership with the RISE lifelong learning program from Rio Salado CC. Summer courses are open to non-members as an incentive to join for full annual membership in August. Facilitators are keeping track of names and contact for non-members to share with Membership.

The Fall Session courses are being developed now. **The deadline for Fall course proposals is July 15, 2023.** Scheduling preference for courses will be based on when submitted. To date 48 courses have been submitted.

The partnership with Chandler-Gilbert CC New Adventures in Lifelong Learning (NAIL) and RISE will continue into the Fall session. Each program will offer online programs to all partnership groups. Since online rooms can accommodate up to 99 members, size is not a problem. Jennifer Wong is coordinating with RISE and Suzanne Brown is coordinating with NAIL.

Fall dates are September 18 – Dec 8. Dates for the Fall Open House and other Fall events need to be set if to be included in the Fall printed schedule. Deadline for inclusion in the printed schedule will be August 1 with changes possible until August 15.
