

New Frontiers for Lifelong Learning (NFLL)

Membership Committee Report

On Friday, September 8, 2023, NFLL held their Fall Open House in the Community Room at Red Mountain. There were approximately seventy people joining the Membership and Curriculum Committee talking with Members and people interested in joining NFLL. In addition to the Open House, we held a Balance Screening.

Using a different procedure for this Open House, it was decided to call it Open House/Fall Preview and there were almost no Presenters/Facilitators to talk about their Classes.

Thirteen new members joined NFLL at the Open House.

As of today (10/5/23), there are eighteen new members and two registered, but unpaid members.
