## Report Volunteer Hours

Please be sure to record your volunteer hours each month. If you volunteered for NFLL or MCC, please record your hours. You can access the form [HERE](#)

Welcome to the first edition of our monthly newsletter. Based on our 2023 member survey and lots of conversations, you asked to have more communication, more often. This newsletter will provide you with more up-to-date information, links to places on our website (photos, class schedule, calendar, etc.), and timely news.

This replaces the newsletter that was published 5 times a year. Around the first day of each month the newsletter will be sent to members electronically and posted on our website. If you have feedback on the new format, ideas, or information to share, please click [here](#).

## FALL OPEN HOUSE

Come join us!

Friday Sept. 6  
MCC Red Mountain  
Campus  
1:00-3:00 pm

Invite a friend or neighbor to attend with you!

Refreshments will be served.

Our Fall Open House is always informative, energetic, and filled with laughter. You can learn about the fall classes, social activities, volunteer opportunities, see your friends, and help welcome people who may be considering joining NFLL.

The class schedule will be available prior to the Open House so bring your questions. You can pay your membership fee and be ready for the fall session which starts Sept. 15. See you there!

## Why Record Your Volunteer Hours?

- NFLL uses the information to better plan our activities and allocation of resources. We analyze where we need more volunteers or if we have an area that has low participation, we can look for solutions.
- It affirms what NFLL does and shows the offsets of costs to MCC.
- It shows NFLL is beneficial and significant to the community and college.
- The data is used by the college to show significance in terms of benefits to the community.

### You Can Join and Pay Membership Dues for 2024-2025 Now!

If you want to beat the rush, you can pay membership dues now. It's still \$80 for the year (Sept – Aug) and you can attend as many classes as you'd like.

Click [here](#) for instructions on how to pay.

## Summer was a Blast!

The Tech Talks were wildly popular. Here Allan Zisner explained different file types and how to save and post photos. A few brave members faced the heat and went to see the solstice June 21 at the Soleri Bridge in Scottsdale.

We can't wait for fall.
